TRUE FLIX™

Welcome to TrueFlix™

TrueFlix is the only online resource that leverages the award-winning True Books content to help students hone literacy skills, build knowledge of subject-area content, and cultivate 21st Century skills through the inquiry process. All of the True Book titles are supported with a deep and diverse reservoir of related content and primary sources featuring videos, audio, images, and text.

WATCH, READ, EXPLORE

Each TrueFlix title includes the following elements:

Watch the Video: A streaming video that engages the student and introduces the topic. The video is strategically placed—and supported by reading research—to enable the student to build crucial background knowledge before accessing the book.

Read the Book: A flipbook version of the True Book with page-turning and read-along features, chapter tabs, and vocabulary terms indentified and defined. The "book" has been transformed into a versatile digital resource enabling the student to exercise the non-linear reading and viewing behaviors that we know take place with digital content.

With 47 True Book titles in 8 categories, there's something for everyone in TrueFlix!
